## Cautionary Note Regarding Forward-Looking Information

This news release includes certain statements that constitute "forward-looking information" within the meaning of applicable Canadian securities laws and U.S. securities legislation, including the United States *Private Securities Litigation Reform Act of 1995*. All statements, other than statements of historical fact, included herein, including, without limitation, statements concerning, the expected use of proceeds of the Placement, the Company's expectation that will be successful in enacting its business plans, and the future business, operations and financial performance and condition of the Company, are forward-looking statements. Although the Company believes that such statements are reasonable, it can give no assurance that such expectations will prove to be correct. Often, but not always, forward-looking statements can be identified by words such as "will", "pro forma", "plans", "expects", "may", "should", "budget", "schedules", estimates", "forecasts", "intends", "anticipates", "believes", "potential" or variations of such words including negative variations thereof and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. In making the forward-looking statements in this news release, the Company has applied several material assumptions, including without limitation, the receipt of any necessary regulatory or corporate approvals in connection with the Placement, that there will be investor interest in future financings, that the COVID-19 global pandemic will not affect the ability of the Company to conduct its anticipated business plans, market fundamentals will result in sustained precious metals demand and prices, the receipt of any necessary permits, licenses and regulatory approvals in connection with the future exploration and development of the Company's projects in a timely manner, the availability of financing on suitable terms for the exploration and development of the Company's projects and the Company's ability to comply with environmental, health and safety laws.

The Company cautions investors that any forward-looking statements by the Company are not guarantees of future results or performance, and that actual results could differ from those projected in any forward-looking statements due to numerous factors including risks and uncertainties relating to exploration and development and actual results of exploration activities; the ability of the Company to obtain additional financing; delays in obtaining governmental and regulatory approvals (including TSX Venture Exchange approval of the Placement), permits or financing; the fact that the Company's interests in certain of its mineral properties are only options and there is no guarantee that the interests, if earned, will be certain; financial condition and results of operations; the need to comply with environmental and governmental regulations; potential defects in title to the Company's properties; changes in general economic conditions; fluctuations in the prices of commodities and precious metals; operating hazards and risks; environmental issues and liabilities; risks related to joint venture operations; and competition and other risks and uncertainties of the mining industry. Readers should consider all of the information set forth herein and should review the Company's periodic reports filed from time-to-time with Canadian securities regulators. These reports and the Company's filings are available on the Company's SEDAR+ profile at [www.sedar.com](http://www.sedar.com).

Readers are cautioned not to place undue reliance on forward-looking statements. The forward-looking statements contained in this news release are made as of the date of this news release and, except as otherwise required by law, the Company undertakes no obligation to update the forward-looking statements contained herein, or to update the reasons why actual results could differ from those projected in these forward-looking statements.
